Description

Antique Ardabil rug, Iran - wool - 200 x 300 cm  
Elegant Persian rug from the Ardabil region, renowned for its refined production and ancestral craftsmanship. This piece features careful knotting and fine-quality wool, offering both suppleness and excellent durability. The composition revolves around a large central lozenge medallion, with stylized geometric decoration, set in a field densely adorned with repetitive herati motifs, typical of this tradition. The deep hues - midnight blue, brick red and ivory - lend the ensemble great elegance and decorative presence. The richly designed main border frames the whole with balance and highlights the central field with a subtle play of chromatic contrasts. Origin: Northwest Iran (Ardabil region) Era: 20th-century work in the
