Description

An Art Deco-style ring in 750 thousandths gold and platinum, adorned with an openwork design with geometric motifs characteristic of the 1920s. It is set with brilliant-cut and 8/8-cut diamonds, for a total weight of approximately 0.30 carat, bringing brilliance and finesse to the set. This French work from the 1920s perfectly illustrates the structured, refined aesthetic of the Art Deco period, combining rigorous lines and delicate setting. A piece of character, both elegant and timeless.
