Description

Beautiful coffee table designed by Mario Marenco for Mobilgirgi, Italy, 1970s.Made from solid oak, this table is distinguished by its characteristic four legs composed of rounded blades that protrude above the top - an immediately recognizable signature of Mario Marenco's design.The top rests between the legs in a perfect balance of sturdiness and lightness. The texture of the oak, the knots in the wood and the carefully rounded edges testify to high-quality craftsmanship.Very good overall condition, patina of use consistent with the age of the piece.Italy, 1970s.
