Description

A travel case...Complete with even its protection...Signed by GEORGE KELLER - Avenue DE MATIGNON - PARIS - FRANCE...From the 1900s...With all the necessities for madame and monsieur ...Or for mesdames or messieurs...!The case is made of wood all sheathed in supple leather...The inside is sheathed in skin (I think because it's a little worn but very soft to the touch)...All the containers are in solid silver, gilded, in vermeil...!All are checked with minerve 1er titre...So 950/1000...Even the shoe is too...!The other parts are chrome-plated steel...There are a few things I've left behind, like little powder boxes and such...On all the parts and on the protection there are the initials of the first users...Which are "J. R. G."...There are two brushes with a cut ivory
