Consulat Empire Light Cavalry Officer's Saber

2 650 EUR

Period : 19th century

Condition : Etat d'usage

Description

Combat saber for a light cavalry officer.Brass guard with a columnar branch, with shuttle-shaped mounts.Ebony squared spindle in good condition, scroll-shaped quillon.Engraved and blued blade gilded in thirds, 84 cm long, the tip is a little oxidized (not serious)probably from sitting too long in its unprotected scabbard.Brass scabbard just decorated with the lines , numerous shocks at the bottom of the scabbard which proves intensive use.a repair also at the level of the lower strap elegantly made by imitating an additional strap.This saber is typical of field sabers both sober and elegant without unnecessary frills. Total length:99.5 cm Feel free to ask any questions
