Description

Carved Art Nouveau mirror in walnut wood. The focal point is a precisely carved woman's face (Art Nouveau mask), with a serene, slightly smiling expression. Her long, wavy hair blends harmoniously into the lines of the frame. On the sides, garlands of wild roses with well-defined petals and leaves flow. The lower corners of the frame feature a reed motif. The glass has beveled edges, which refract light beautifully. The dark spots and "haze" visible in the photos are the natural patina of timeSigned: "CL.
