Description

France circa 1920 : "Les parapluies", wood engraving 4.2 X 8.5 cm printed on irregular sheet 7 X 11 cm. Traces of handling and small folds. Unfortunately anonymous (perhaps a trial print), this superb expressionist engraving shows passers by hurrying through the rain, represented by oblique lines. Some are protected by umbrellas, a carriage and a street lamp. A street lamp worthy of Doctor Caligari's cabinet completes this very strong composition despite its tiny format. Do not hesitate to ask us for photos or further information by e-mail or telephone. Further photos and numerous other items in our Pau boutique and on our Proantic website.
