Description

Exquisite corner cabinet in carved, lacquered, and painted wood. The corner cabinet features a single body and a curved profile, lending great elegance to the design. The upper section features three shelves and a top, while the lower section features two doors that open with bronze knobs. Inside the lower section are two shelves and small secret doors. Adding a touch of refinement are the paintings, which decorate the cabinet with swirls and garlands of plants and flowers. This is a highly elegant piece, capable of furnishing any space with taste and class. French manufacture, late 18th-early 19th century.Dimensions: H x W x D 174 x 85 x 59cm
