Description

Superb solid oak linen press from the very early 19th century.Originally Dutch or Flemish, this press is complete with its original boards, which were used to stack several linens or garments and press them to remove wrinkles.This rare piece of furniture was the pride of the great bourgeois houses of its time.Our press is in two parts. This rare piece of furniture was the pride of the great bourgeois houses of its time.Our press is in two parts. The lower part forms a chest of drawers and was used to store dry and ironed linen, while the upper part forms the press to which the five boards are added. The drawers open with fine rings.
