

Pair Of Decorative Panels In Resin And Marble Dust, Italy - Early 20th Century

6 500 EUR

Period : 20th century

Condition : Très bon état

Width : 88

Height : 144

Description

A pair of decorative resin and marble dust panels from the early 20th century. Italy. These panels depict female figures, followers of the god Dionysus, better known as Maenads, in dancing poses. They feature a style typical of classical reliefs. At the top, we can see wrought iron supports with curled ends; they were probably used as decorative architectural elements.
Dimensions: height 144 cm, width 88 cm
