### Description

Suite of chairs model 82 by Niels Otto Møller - Denmark, 1960s. Elegant suite of model 82 chairs designed by Danish designer Niels Otto Møller and published by J.L. Møllers Møbelfabrik in the 1960s. These iconic Scandinavian design chairs are distinguished by their clean lines and remarkable craftsmanship. The structure is made from solid teak in warm hues, with superb joints and meticulous finishes. The slightly curved horizontal slatted backrest offers excellent comfort while retaining visual lightness. The seat is made of natural paper rope braiding, typical of Danish production, both robust and aesthetically pleasing. Very nice overall condition, solid structure, new rope. Sought-after model, ideal around a dining room table or for a mid-century-style interior.
