Description

This large painting tells a story and several stories. This faun, wounded by hunters, who can be seen in the background of the park - on the right in the painting - has come to take refuge with this French family who live in this beautiful property... One can imagine the rest. Henri Montassier stages this story with great mastery: everything is remarkable, the light as well as the dresses, the expressions of the characters with, in the middle, this faun who is not as innocent as he would like us to believe...
