

## Vintage Globe Bar With 18th-century Map Reproduction On Carved Wooden Base

900 EUR

Period : 20th century

Condition : Bon état

Material : Walnut

### Description

This superb vintage globe features a richly detailed reproduction of an 18th-century world map, bringing all the charm of antique cartography to a decorative object that is both elegant and functional. The upper hemisphere opens to reveal an interior storage compartment, ideal for use as a globe bar, decorative piece of furniture or original conversation piece in a characterful interior. Mounted on an elegant carved wooden base, this globe combines craftsmanship, historical spirit and interior design. It will find a perfect place in a library, office, living room, or in the home of a collector who loves decorative objects linked to history and ancient cartography. The globe is the perfect complement to any interior. Features: Type: vintage globe bar Decor: 18th-century world map
