Description

Pair of silvered metal candelabra - Louis XVI style - 20th century
Elegant pair of five-light silvered metal candelabra in the Louis XVI style, resting on a finely molded circular base. Each piece features a central fluted shaft adorned with classical motifs, from which rise four sinuous arms completed by a central light. The bobèches and binnacles are decorated with beaded friezes and stylized motifs in a neoclassical spirit. The ensemble offers beautiful symmetry and a refined luminous rendering, ideal for a reception table, sideboard or mantel decoration.
Dimensions: Height: 42 cm
Condition: Good overall condition. Usage wear and slight alterations to the silver plating, visible on the photos, without affecting the overall aesthetics. Beautiful, chic and timeless decorative
