Description

Eclectic console table in carved and gilded wood. The top is made of white marble (not original), supported by four turned legs with a truncated pyramid shape, featuring carvings of foliage, drapery, and rosettes, joined at the base by a carved scroll-shaped crosspiece with a central eagle sculpture. The band below the top features scrollwork, festoons, and drapery carvings. Italy, mid-19th century.Product condition:Due to its age and wear, this item requires restoration and refinishing. We strive to present the actual condition of the piece as fully as possible through the photos. If certain details are not clear from the photos, the description takes precedence.
