Description

Superb vintage Chinese set, illustrating all the richness of traditional craftsmanship. Made from hand-carved exotic wood, this oval table features particularly detailed relief decoration, depicting classical Chinese scenes with characters, architecture and nature-inspired motifs. Each element of the decoration testifies to meticulous workmanship and craftsmanship. The table is accompanied by six matching quarter-shaped stools, designed to slide harmoniously under the top. This ensemble thus offers a solution that is at once practical, decorative and visually striking. While not visible, the stools are designed to be placed under the tabletop. Although not visible in the photos, the tray is protected by custom-made glass, preserving the finesse of the sculpture while ensuring more comfortable everyday use. A
