

## Mid-19th Century Triptych With Clock And Candelabra

700 EUR

Period : 19th century

Condition : Bon état

Material : Bronze

Width : 12

Height : 16.5

### Description

Refined triptych which comprises a clock and two gilded bronze candelabra, embellished with turquoise beads. The clock is amphora-shaped, with handles and a globular body; the dial with Roman numerals is in the center. The dial opens to reveal the key and the functioning mechanism. The piece is accompanied by two candelabra, with a woven structure, further decorated with engraved plant and floral motifs. This is a tasteful and classy set, capable of elegantly furnishing any space. French manufacture, mid-19th century. Dimensions: Clock H x W 16.5 x 12cm; Candelabra H x W 20 x 11cm
