### Description

19th century illumination on parchment with gold highlights This delicate miniature depicts the Virgin Mary holding the Infant Jesus on her lap. The scene is imbued with gentleness: the Child turns towards his mother in an affectionate gesture, while Mary bows her head slightly in an attitude of tenderness and contemplation. A radiant halo underlines their sacred nature. The ensemble is framed by a richly ornate border of floral motifs, colorful rinceaux, birds and insects, typical of the art of French Renaissance illumination. Framed in 19th-century gilded stucco.
