Description

European painter (19th-20th century) - Still Life with Flowers. 30 x 36 cm (without frame) - 45.5 x 51.5 cm (with frame). Oil on canvas, in carved and gilded wooden frame. The painting depicts a bouquet of red and orange flowers arranged in a green cylindrical ceramic vase, against a background painted to simulate the weave of a canvas. The naturalistic composition belongs to the tradition of floral still life from the late nineteenth century, with careful rendering of the petals and foliage. The back of the canvas bears a London supplier's stamp, suggesting a probable British origin for the work. Condition report: Original canvas. Good state of conservation of the pictorial surface.
