Description

Of slender baluster form, resting on a circular pedestal finished with a quadrangular base in black marble. The neck is cylindrical and narrow, with a slight bulge at the shoulder. On either side, two scrolled lateral handles with rosette-shaped attachments rest on stylized triangular sconces.White background with polychrome decoration of animated pastoral scenes. On the first side, two figures in a pastoral landscape: one, standing, dressed as a peasant, converses with a second figure seated on the ground; beside them, a saddled horse is held in a bridle. On the second side, a pastoral scene featuring two bovines - a cow and an ox, set in a bucolic landscape, at the edgeThe neck, shoulder, base and handles are highlighted with wide gold fillets and bands, characteristic of the Empire taste.Dimension(s) :
