our watches are checked by our watchmakers and reconditioned to give them a second life and as new condition as possible. Nevertheless, these watches remain pre-owned and may show some scratches/marks of use. In addition, when necessary, the dials are renovated by a master craftsman. It is also possible that the dials are or have been changed in the past by service dials as part of the refurbishment of our watches. As our timepieces are pre-owned, no guarantee of water-resistance can be given. We remain at your service to provide you with further information on the condition of these watches. **RETURN POLICY:** Following numerous cases of abuse, we would like to point out that returns are only accepted within 14 days, provided that the item is returned in the same condition in which it was sold. The return is null and void from the moment the watch has been worn and damaged in any way whatsoever (shock, broken or lost glass, missing screws or any other part, damage due to the presence of water, rust, etc.). We remind you that you are buying a top-of-the-range watch, and we thank you for taking the utmost care of your watch. City watches (e.g. Cartier type in vermeil or gold), are precious watches and are not designed for sports, bathing, washing, or any risky activity. Ref_1029
