Description

F Zerboni - Paysage d'Auvergne - Pont en pierre - Oil on canvas, second half 20th Beautiful oil on canvas signed Zerboni F., dated 1979, depicting a landscape in France, located in the Auvergne. The composition features a charming stone bridge with two arches spanning a calm river, in a wooded environment bathed in light. The lush vegetation, treated in a palette of nuanced greens, delicately frames the scene and creates a peaceful, immersive atmosphere. On the bridge, a few discreet figures enliven the landscape, bringing a narrative touch and scale to the whole. The play of light filtering through the foliage and the reflections in the water testify to fine workmanship and a naturalistic sensibility. A decorative work of quality, in the tradition of twentieth-century French landscapes. Presented in
