Description

André Poirson (20th century) - Animated winter scene - Oil on canvas Beautiful oil on canvas by André Poirson, depicting a snow-covered village scene, enlivened by the presence of a man pushing a cart loaded with wood. The composition, treated with generous material and expressive brushwork, aptly captures the atmosphere of a harsh winter. The snow-covered roofs, bare trees and flake-swept sky convey a striking effect of movement and cold. The figure, firmly camped in the foreground, brings life and narrative to this rural scene, evoking daily work in a wintry landscape. The palette dominated by whites, blues and browns is lifted by subtle contrasts and beautiful diffused light. A lively yet decorative work, typical of 20th-century French figurative painting.
