Description

Miroir Napoléon III En Bois Sculpté Et Doré, XIXe Siècle
Elegant Napoleon III period rectangular mirror in carved and gilded wood. The frame features a rich molded decoration with finely worked scrolls and plant ornaments, characteristic of Second Empire taste. A repetitive interior frieze emphasizes the mirror's perimeter and adds relief and depth to the whole. The antique gilding, with its warm, nuanced hue, offers a beautiful period patina. The mirror shows a slight pitting of the tain, testimony to its age, without detracting from the quality of reflection. With its beautiful proportions, this mirror will easily find its place above a console, a fireplace or in an entryway. Dimensions: Height: 93 cm Width: 65.5 cm Era: Napoleon III, 19th century
Beautiful decorative presence.
