Description

Important Chinese porcelain vase, of baluster form with flared neck, featuring a rich polychrome decoration on a black ground in the spirit of the so-called black family / green family productions. The body is finely decorated with a naturalistic scene depicting stylized aquatic birds, probably geese or Mandarin ducks, evolving among a lush décor of lotus flowers, foliage and aquatic elements. This iconographic theme, classic in Chinese art, evokes harmony, fidelity and serenity, frequently associated with swamp landscapes and literate gardens. The ensemble testifies to quality production in the taste of traditional porcelains from Jingdezhen, a mecca of Chinese ceramics. Dimensions: Height: 37 cm Maximum width: 16 cm Condition: Very good overall condition. No chips, cracks or restorations
