Description

Bohemian crystal covered shooter with hunting decor - 19th centurySuperb red-tinted Bohemian crystal covered sucker, finely engraved with hunting scene décor in a forest landscape.The body is richly adorned with a finely executed wheel-chased decoration depicting a hunter accompanied by his two dogs, moving through the heart of a forest alive with deer, hinds and birds in full flight. The entire decoration develops into a continuous frieze, offering a lively and perfectly balanced scene, characteristic of quality Bohemian production in the 19th century.The contrast between the deep red crystal and the reserved satin-finish engraving particularly highlights the details of the decoration, revealing precise, delicate workmanship. The lid, also engraved with stylized plant motifs, is topped by
