Description

Charming and original art-deco night-light decorated with a polar bear and a pressed-molded white artichoke tulip. A beautiful object for this lamp, which combines a finely chased wrought-iron night-light base with a bear on the side. A receptacle holds a beautiful white pressed-molded tulip with petals, more commonly called "artichoke" in reference to a model by Pierre D'Avesn. The terrace measures 23 Cm by 15 cm, very good condition of the tulip, slight traces of rust on the iron part, left on purpose, in conformity with the period, in no way annoying. Very beautiful art-deco object, to be placed on a pretty piece of furniture or near the bed.
