Description

An elegant and highly refined piece of furniture, featuring high quality carving. The top is adorned with an antique-style medallion, surrounded by a ribbon forming a garland with plant elements. The foot features a fluted trunk-pyramidal shaft, reminiscent of a classical column, resting on a stepped quadrangular base. The capital is particularly distinguished by a cherub's head decoration in relief on two of its sides, and by decorative vegetal elements on the other two. This is a pedestal table of great aesthetic value and exceptional quality..
