Description

Refined pair of five-light gilded bronze candelabra. The candelabras feature a central stem with a base, from which the lights branch out horizontally in a scale of height. The bronze workmanship is exquisite, featuring phytomorphic and geometric motifs that lend a sense of richness. Please note a small defect on one of the candle holders. This pair of candelabras, of great taste and elegance, will add a touch of class to any setting. Made in Italy in the mid-19th century. Dimensions: H x W x D 55 x 46 x 20cm
