Description

Stefan Beiu - Female nude in an abstract composition -circa 1960-1970Large contemporary canvas by Stefan Beiu, depicting a reclining female nude, treated in a dynamic composition blending figuration and abstraction.The artist develops here a highly personal universe where the figure emerges from a swirl of materials and warm colors (ochres, oranges, earths, blacks), with projections and drips that evoke a gesture close to abstract expressionism.The contrast between the softness of the body's modeling and the energy of the background creates a particularly seductive visual tension.Features:Artist: Stefan BeiuTechnique: oil on canvasSubject: female nudeStyle: contemporary, between figuration and gestural abstractionSignature: bottom
