### Description

Lovely "Violettes aux vents" dented and scalloped ball vase by Montjoye. A well-known model for connoisseurs, this piece is nonetheless highly original, with its typical art-nouveau dented ball shape and elaborate hot scalloping on the neck. Pretty violeetes all over the vase, entirely acid-cleared and finely glazed on top. Charming, I'll leave you to judge. Nice size, this is no small model, 20 cm in diameter and 16 cm high. Perfect, referenced model, circa 1900. Pretty shaped piece, timeless art-nouveau vase.
