## Description

Sculptural floor lamp designed by AlfredoFreda for Cittone in the 1960s. A rare example of Italian decorative lightingthat blends art and design into a naturalistic composition of great tasteand impact.The structure, crafted in gilded bronze, depicts abotanical composition with slender stems, chiseled leaves, and an elegantheron at the center, resting on a contoured base that evokes abody of water. The three light sources are embellished with frosted glass shadesshaped like flowers, creating a refined balance.ADDITIONAL INFORMATION: The artwork is sold accompanied bya certificate of authenticity and warranty.We handle and arrangeshipping for purchased artworks, both within Italy and internationally, viaprofessional and insured couriers. There are no additional
