Description

Beautiful portrait of a young woman with her hair just sketched on her shoulders. This is a 19th-century French chalk painting... A very harmonious portrait of a young woman whose beauty and gentleness are obvious. The originality of this drawing lies in the use of chalk and the subtle play of light and shadow that emanates from it, emphasizing certain areas (the scarf and forehead, for example...) to the detriment of others deliberately left in the shade..... The drawing is in very good condition, with a 19th-century gilded baguette measuring 30 x 23 cm. The whole thing is very charming!
