Description

Very pretty shrimp soliflore by Victorin Sabatier
All the spirit of art-nouveau for this charming soliflore vase in gilded bronze. The 3 finely chiseled shrimp, with their antennae extending up the neck, create a pleasing theme. The shrimp's legs enhance the decoration, creating aesthetically pleasing lateral striations. The realism of the shrimp is striking, I'll let you be the judge. Perfect condition, signed on the side, circa 1900. Last piece sold at \$950 hammer price, i.e. \$1,200 net buyer's price (see last photo) A very fine and truly original 1900 piece.
