### Description

Beautiful copper cheese vat, formerly used to make Comté cheese (best cheese in the world!) Very large model with a diameter of 1.75 meters. Inner diameter 156 cm. On the rim, a lip, under which are stamped the information: Vapeur 1200 E.G. These vats were heated with steam in the manufacturing process. Very decorative as a planter or plant trough. The bottom is rounded, both inside and out. It can be cleaned, and will then take on the color of red copper. Actually, used patina showing some normal oxidation. Very good used condition. Epoque XIXème siècle.
