Description

This 122 x 180 cm vintage rug, handmade in wool, seduces with its elegance and delicately crafted floral motifs. Dominated by a deep blue patina, it is sublimated by ivory and beige shades that design a refined central medallion and a richly ornate border. Its slightly distressed look gives it all the charm of the past. (A tiny stain on one border, bangs need refreshing) Perfect for laying over parquet flooring, it will bring warmth and character to your interior. The contrast between the natural wood and its soft hues will highlight its details and create an atmosphere that's both cosy and authentic. Whether in a living room, bedroom or office, this rug will become a centerpiece full of personality. Contact me for more information and sales conditions.
