

Large Painting View Of Paris 1900

2 200 EUR

Period : 19th century

Condition : Parfait état

Material : Oil painting

Width : 81

Height : 100

Description

Large oil on canvas representing Paris at the very end of the nineteenth and beginning of the twentieth century. Very interesting as it was painted with a bird's-eye view from a balcony, a very original perspective and a very nice rendering as it was painted on a rainy day, very nice atmosphere. Perhaps the Trocadero in the background ... Painting in very good condition, cleaned and varnished. Very fine decorative presence, good pictorial quality.
