Description

Beautiful terracotta bust of a mischievous, smiling faun. Very fine terracotta from the second half of the 19th century, signed on the back by Vallmitjana for Venanci Vallmitjana y Barnaby (1828-1919). This large bust of a mischievous, expressive faun is shown turned slightly three-quarter, and rests on a fine terracotta pedestal. The faun's face is very nicely treated with numerous details, particular care has been taken with this terracotta. He wears a large smile, his eyes are very expressive, he is topped with a crown of grapes and vine pompons. His pointed ears stand out from his hair and beard, which blend with his hairy torso. He looks like he's just come out of a bacchanal and has a lecherous side. The many details are very finely treated and despite his age he's in very good condition.
