230 EUR

Period : 20th century

Condition : Très bon état

Material : Nacre

Width : 9 cms

Diameter : 5,6 pour la coupe

Height : 11,5 cms avec la tige

## Description

Beautiful "Marmoratus" shell with green ribbon mounted in worked silver. Flower and foliage decoration around the rim, silver leaf forming a cup at the shell opening. A single silver plate is used for the most important decoration. Thick, repoussé silver leaf. The whole mounted on a tube of the same silver, which would have been attached to a stem. Religious or ceremonial use, or simple decoration? Probably from Nepal.
