

Ceramic Stove From Majorca (balearic Islands) In Glazed Earthenware Circa 1900

1 000 EUR

Period : 19th century

Condition : En l'etat

Material : Terracotta

Description

Important stove from the ceramic kilns of the island of Mallorca in the Balearic archipelago of Spain. Glazed terracotta with applique decoration. This stove is composed of three elements: base, main body and cap. This stove has been adapted for electricity by adding a resistor in the main body (photo), which can be easily removed. The hole for the flue pipe is still present at the rear. Dimensions: height 144 cm ; diameter: 67 cm
