Description

We are pleased to present this splendid 18th-century oil painting on canvas. The work depicts a coastal or river landscape enlivened by architecture and human figures.In the foreground, small figures are engaged in daily activities: a woman hanging laundry near the tower and fishermen or ferrymen in rowboats along the shore.On the right, a circular fortified tower dominates the scene, flanked by rural or village buildings. In the distance, other buildings, towers, and ruins are visible, while a promontory on the left adds depth to the scene. A large tree on the left balances the composition. The sky is dotted with light, luminous clouds, an atmosphere typical of the Mediterranean coast. This painting fits perfectly into the style of 18th-century idealized landscapes, a genre much loved in that
