Depth : 47

Description

Coffee table model CM 191 designed by Pierre Paulin in the late 1950s, published by Thonet. The rectangular varnished solid wood top rests on a black lacquered steel wire base formed by double V-shaped arches, creating a light, graphic structure. The simplicity of the whole is based on a tension between plane and line, characteristic of Paulin's early research. The model was registered on February 26, 1959 under number 90523, and is among the designer's most accomplished creations for Thonet France, with whom he collaborated between 1952 and 1959. Edition: Thonet, circa 1959
