Description

Three-piece ceramic trim with neoclassical decor - 20th century
Charming mantel trim composed of three molded ceramic elements, including two ansé baluster vases and a central bowl. The set is adorned with a rich neoclassical relief decoration depicting scenes inspired by Antiquity (putti, mythological figures, rural scenes), treated in a very elegant decorative spirit. Evolved handles and scalloped lines reinforce the ornamental character of this trim. Twentieth-century workmanship, in the taste of French or Italian decorative productions. Good quality of molding and good rendering of reliefs. Good overall condition, please note a few traces of use and slight wear inside the pieces, with no impact on presentation. Dimensions: Vases: approx. 25 cm high
Central bowl: approx. 40 cm wide
