### Description

A lively riverside landscape, oil on canvas, 19th-century Northern school. The composition presents a peaceful scene blending architecture and everyday life: in the foreground, figures bustle around a pier while boats sail on calm water. On the left, a picturesque building with stylized forms, accompanied by thatched cottages, enlivens the riverbank. In the background, a village with windmill and sailboats unfolds under a luminous sky punctuated by clouds. The whole is treated with finesse, in a soft, harmonious palette, evoking Dutch or Flemish landscapes inspired by the 17th century, with a probably later interpretation. The painting is presented in a gilded wooden frame. Dimensions: Canvas: 112 x 86 cm Technique: Oil on canvas Condition: Good
