Description

Authentic Shahsaven kilim from Persia. Wool on wool.The light brown stripes are made from natural, undyed camel wool.The motifs are created using a needlework technique akin to embroidery.The pure composition, a succession of vertical stripes, is a direct reference to ancient nomadic production. This type of piece is generally produced on horizontal looms.The weave is fine and tight, the kilim robust. This type of rustic kilim was once found on the ground to insulate and embellish nomadic dwellings.Mid 20th centuryDim : 302 x 192 cmLaurentBeauty of Kilims
