### Description

Charming antique solid oak jam cupboard, dating from the Empire period. This small rustic piece of furniture seduces with its beautiful warm patina and authenticity. It opens on the front with a panelled door, framed by two uprights with demie columns that give it a sober, traditional elegance. The upper shelf, with its simple lines, offers an ideal surface for accommodating decorative objects, lamps or crockery. Its compact proportions make it practical and easy to integrate into any interior: kitchen, living room or hallway. It can also be turned into a small piece of occasional furniture. The patina is clear, so it's easy to see why. The patina is light and golden, the interiors are glazed. H93 cm W 74 cm D 49 cm Shipping costs 180 euros for France
