Description

French school French circa 1840 Portrait of Leonardo da Vinci ? Oil on canvas H. 27.5 cm ; L. 22 cm This small portrait from the XIXth century seems to be a historical portrait of the Florentine master, reflecting on his sketches or writings, mechanical pencil in hand, on a bound notebook. This canvas, whose details continue on the returns nailed to the stretcher frame, must have been slightly larger. In the lower left corner left, showing a man seated facing the master. Is our painting a preparation for a larger work or simply a portrait slightly recut by the artist ?
