

Set Of Teapots, Silver-plated Metal, 20th Century

600 EUR

Period : 20th century

Condition : Très bon état

Material : Silver metal

Description

Metal teapots with integrated heating system. Each piece rests on its support with a lower reservoir designed to hold a burner (alcohol or oil), keeping the liquid continuously warm. They can be served directly without being removed from their base. Mobile handles, chiselled or moulded decorations depending on the model. They can be served directly without removing the base. A midway point between the traditional European teapot and the spirit of the samovar, highly decorative on a table or buffet. Sold separately
