Description

Drageoir with cover and frame in molded and cut crystal. Produced by the Le Creusot factory in the 1830s-40s. It may also also be a Baccarat production when the latter took over the Le CreusotLe Creusot, taking over its molds and catalogs. A fine collector's item, one of the first "production models", our Restoration period drageoir is around 180 years old - maybe 200 - and in very good condition. (a few small superficial chips on the edge of the foot, which we were unable to photograph) Height: 20.5cm Diameter: 18.3cm and 15cm
