Description

Elegant center table in mahogany wood, finely carved and of small dimensions. The base, with a graceful star shape, gives a touch of class, while the semi-cylindrical feet add a further element of refinement. The top is made of white statuary marble, with the lower part chiselled and the upper part in the shape of a tray. In the band below the top, there is a practical hidden drawer, ideal for storing small objects. The design of the pedestal, together with the amphora-shaped stem, clearly expresses a neoclassical taste. This table is able to enrich any environment with elegance and style. Italian manufacture from the first half of the 19th century. Measurements: H x DM 79 x 89cm
